

Is an Oral Appliance right for you?

- No cumbersome machinery and/or hardware anchored to the face.
- No noise from the machine to awaken your partner.
- No feeling of bloating.
- No getting stopped in the airport when travelling and carrying your CPAP machine.
- No skin rashes or break-outs from the straps.
- No eye and/or nose irritation.
- No mouth dryness and/or sore throat.
- No runny nose.
- No need to sleep on your back or side.
- Can be worn by mouth breathers.
- Excellent success rate and long-term compliance.
